A 4 anni dal lancio di una delle nostre collezioni più identificative nasce Technicolor, prodotto industriale creato su una base grafica di un blend di 11 essenze lignee differenti.

Creare ambienti monocromatici e o multicolore ora è possibile grazie alle sue caratteristiche tecniche che lo rendono utilizzabile sia per rivestimenti sia per pavimenti in spazi privati e pubblici anche ad alto traffico.

Life in technicolor!

4 years on from the launch of one of our most significant collections, Technicolor arrives, an industrial product created on a graphic base of a blend of 11 different wood species. Creating monochrome or multicoloured environments is now possible thanks to their technical characteristics that make it useable both for wall coverings and flooring in private and public spaces even where heavily trafficked.

Life in technicolor!
